## FOX THEATRE RULES AND REGULATIONS

Please read the following information carefully.

1. Absolutely NO nails, tacks, tape, or adhesive of any kind should be used on any surfaces of the theatre, lobbies, dressing rooms, or other areas. Blue painter's masking tape is available upon request, free of charge. Please contact production before posting anything on the doors or walls.
2. NOTHING can be hung from chandeliers, sprinkler pipes, or other fixtures of the theatre.
3. Dressing room #1 is an accessible dressing room.
4. If furniture needs to be moved for any reason, this is to be done by Fox Theatre personnel only.
5. **Smoking is not permitted in any area of the Fox Theatre.**
6. Any alcohol needed during an event should be provided by catering and/or the promoter.
7. If your production utilizes any equipment or props that cause smoke or haze, we will need to turn off our smoke alarms. By law, in order to have these alarms turned off we must have a fire marshal present in the theatre. The cost for hiring a fire marshal is \$140.00 and is a four-hour minimum. This cost is subject to the Fox Theatre's 31.5% Payroll Administration Fee. After 4 hours, fire marshals will go into overtime and will be paid in one-hour increments.
8. If your production is utilizing any pyrotechnic effects, please contact Fox Theatre Production Department as soon as possible. (Blank ammunition requires a fire marshal inspection in the state of Georgia.) Approval of any pyrotechnic effects are at the sole discretion of the Fox Theatre.
9. The alley is to be used for loading and unloading only. The alley is a fire lane and all vehicles left unattended are subject to towing at the owner's expense. Tractor-trailers are not permitted to park in the alley during the run of a show. Tractor-trailers are to be removed from the alley when loading/unloading is completed.
10. At the conclusion of a Load-Out, all belongings must be removed from the building. If, in extreme circumstances, something must be left at the theatre after Load-Out, storage may be available for the remaining item(s). However, the storage of the item(s) must be cleared with the Production Department prior to your event. The Fox Theatre will not assume any responsibility for the items that are stored. Anything left in the theatre for more than one (1) working day will be subject to a daily storage fee.

## FOX THEATRE RULES AND REGULATIONS

11. The Fox Theatre will not assume responsibility for packages and deliveries that are signed for on behalf of the promoting company when a representative is unavailable.
12. **As per the contract with the Fox Theatre, the House opens one (1) hour prior to the printed curtain time and intermissions are to be a minimum of twenty (20) minutes in length.** If the promoting company requires different arrangements, please discuss in advance with the Production Department.
13. The Fox Theatre is fortunate to have a 4-manual, 42-rank historic Möller Theatre Organ that has been in use since 1929. It is our policy to use the organ for 30 minutes before each public ticketed theatrical performance, except when seating or technical layouts preclude bringing the organ up from its storage area in the orchestra pit.
14. The Fox Theatre Production Management staff is happy to coordinate any equipment rentals that you may require while in town. Please give ample notice of such needs in order to help us best serve the show.

For questions regarding these rules and regulations, please contact Production Management.

### ABOUT THE FOX THEATRE

The Fox Theatre, built in 1929, is one of the world's largest and grandest movie palaces still in existence. It is used primarily for live productions with special showings of movies during the summer. Dressing room facilities occupy five floors backstage as well as a spacious rehearsal studio equipped with full size wall mounted mirrors, which is located on the sixth floor. This dressing room tower is conveniently located directly off-stage right. Elevator service is available to every floor of the dressing room tower. All dressing rooms are equipped with a sound system for monitoring the show in progress. Each floor of the dressing room tower has at least one bathroom with a shower and all dressing rooms are equipped with a sink. The stage level and third floor rooms have private bathroom/shower facilities. A large catering room is also available on the lower level.

**STAGEHAND GENERAL CONDITIONS (as of 10/2/19)**

In the following pages is outlined a summary of the Collective Bargaining Agreement between the Fox Theatre and the Stagehand Union, IATSE Local #927. All pertinent General Conditions and Work Rules have been outlined herein, and it is the responsibility of every tenant of the Fox Theatre to review these rules and abide by them. For further clarification on any conditions, please speak to a member of the Production Management staff.

1. The Fox Theatre, in its' sole discretion, shall designate six (6) individuals to be the House Crew: The Head Carpenter, Head Electrician, Assistant Electrician, Head Prop Person, Head Sound Person, and Head Flyman. One of the House Crew members shall be designated by the Fox Theatre to be the lead person.
2. There shall be a minimum of four (4) Department Head House Crew members for all Continuity Calls, and a minimum of five (5) Department Head House Crew members for all Show Calls. For the purposes of this condition, the Assistant Electrician is not considered to be a Department Head.
3. The Employer shall request that the Union refer qualified camera operators to the Employer for all shows, except those shows that "require" that a specific camera operator or camera operators work. Camera operators will be paid base hourly rate of House Crew at the Other Show Rate.
4. Straight Time: Stagehands will be paid the applicable base hourly rate for the following:
  - a. The first eight (8) hours worked during any single weekday (Monday – Friday), on Work Calls and Continuity Calls.
  - b. The first four (4) hours during a Show Call (Monday – Friday).
5. Overtime: A wage equal to one and one-half times the applicable base hourly rate. Stagehands will be paid overtime for the following:
  - a. All hours worked in excess of eight (8) during any single weekday (Monday – Friday) on Work Calls and Continuity Calls.
  - b. All hours worked between 12:00 midnight and 8:00 AM on Work Calls and Continuity Calls.
  - c. The first ten (10) hours worked during a Saturday or Sunday on Work Calls and Continuity Calls.
  - d. All hours worked on a Show Call (4) for a performance that takes place on a Saturday or Sunday.
  - e. All hours worked in excess of four (4) during a Show Call.
  - f. All hours worked on a Show Call (4) for a performance that takes place after a Stagehand has worked a total of 36 or more hours during the week.

**STAGEHAND GENERAL CONDITIONS (as of 10/2/19)**

6. Double Time: A wage equal to two times the applicable base hourly rate. Stagehands will be paid double time for the following:
  - a. All hours worked in excess of sixteen (16) consecutive hours.
  - b. All hours worked in excess of ten (10) consecutive hours on any Saturday or Sunday.
  - c. All hours worked on the following holidays: New Year's Eve, New Year's Day, Martin Luther King Day, National Memorial Day, July 4<sup>th</sup>, Labor Day, Thanksgiving Day, Christmas Eve, and Christmas Day.
  - d. All hours worked between 6:00 AM and 8:00 AM on any day (Monday – Sunday) on any call that starts between the hours of 6:00 AM and 8:00 AM. The stagehand will revert to the prevailing rate after 8:00 AM unless and until the stagehand has worked eight consecutive hours (Mon-Fri) and/or ten consecutive hours (Sat-Sun), including any and all time worked between 6:00 AM and 8:00 AM.
7. There shall be no pyramiding of overtime rates.
8. All time will be computed in half (½) hour increments.
9. All Stagehands reporting for any Work Call shall be paid a minimum of four (4) hours reporting pay
10. The applicable wage rates shall be paid regardless of whether the Bargaining Unit Employee actually works for the entire duration of the call. For example, if a Bargaining Unit Employee commences work on a four-hour call to load out a show after 8:00 pm and the work on the load out is completed prior to midnight, the Bargaining Unit Employee shall be paid at Straight Time from the time that he commences work until midnight and at Overtime from midnight through the completion of the four-hour call.
11. For commercial shows, there will be a minimum of eight (8) hours reporting pay for the Load-In of the show and four (4) hours reporting pay for the Load-Out.
12. A "Show Call" includes all work performed by a stagehand during a performance. All Stagehands reporting for a Show Call shall be paid a minimum of four (4) hours reporting pay. A Show Call shall begin at "half hour" (30 minutes before a performance is scheduled to begin). Any activity after the final curtain, including collecting or securing the props, sound or lighting equipment, raising of flying pieces, or clearing of set pieces necessary to safeguard the equipment or stage area as determined by the Fox Theatre, that is completed within fifteen (15) minutes after the final curtain of the performance shall be considered part of the Show Call and shall not be considered part of a Continuity Call or Work Call so long as such activities can be completed within the 4 hour Show Call time period. If such activities extend beyond the 4 hour Show Call time period, they shall be considered to be part of the post-show Continuity Call.

**STAGEHAND GENERAL CONDITIONS (as of 10/02/19)**

13. All members of the show crew who are not called for a Continuity Call shall report no later than "half-hour" before the scheduled performance starting time.
14. Stagehands called to work a performance may be called for a "Continuity Call". A Continuity Call is the pre-performance and post-performance activity for that specific performance. The Fox Theatre requires that at least four or more members of the House Crew report for a Continuity Call no later than 30 minutes before half hour prior to a scheduled performance time and may be called to remain up to one hour after the final curtain of the performance. No Show Crew members can be called for a Continuity Call unless the House Crew member from his or her department is also called for that Continuity Call. Stagehands called for a "Continuity Call" longer than 1 hr before ½ hours will be paid a four-hour minimum at the prevailing rate.
15. All Stagehands who are "certified" electricians or riggers as a consequence of passing the ETCP test shall receive, in addition to the prevailing hourly rate, an additional 50 cent (\$.50) per hour for all hours in which they perform work as an electrician or rigger.
16. Mop Calls shall not be considered as separate work calls and, therefore, are not subject to the requirement that stagehands be paid a minimum of four (4) hours reporting pay. In addition, a single four (4) hour call will be paid to stagehands that set up and take down the dock for the same load-in or same load-out of a show.
17. A stagehand called for the Load-Out of a show will have a call time of the nearest one-half (½) hour prior to the scheduled start time of the Load-Out.
18. Stagehands working a Yellow Card show shall only work the performance and will not engage in teardown or packing of the show until the performance is over.
19. For Yellow Card Shows and where directed by any other show's rider, calls will be by department. For all other shows, the party with whom the Fox Theatre has the contract shall have the sole discretion to decide whether the call shall be departmentalized. In all cases in which Truck Loaders are called, Truck Loaders shall be called by department.
20. Turnaround: In the event that a call runs from a higher rate time period of one show/promoter into a lower rate time period of a different show/promoter, the higher rate will apply until there has been a six (6) hour break between the time periods. In cases where a Stagehand does not receive a six (6) hour turnaround, as described in the preceding sentence, he shall be paid at the Double Time rate for all hours worked between the time he reports back to work and the time that he receives an eight (8) hour break.
21. Turnaround: On calls in which the same client/promoter is leasing the Fox Theatre for the same show and in the event that a call runs from a higher rate time period into a lower rate time period, the higher rate will apply until there has been an eight (8) hour break between the time periods. In cases where a Stagehand does not receive an eight (8) hour turnaround, as described in the preceding sentence, he shall be paid at the Double Time rate for all hours worked between the time he reports back to work and the time that he receives an eight (8) hour break.

**STAGEHAND GENERAL CONDITIONS (as of 10/2/19)**

22. In either case (20 or 21 above) a Show Call shall not be paid at Double Time but shall be paid at the applicable Show Call rate.
23. For rehearsals only, the crew will consist of any necessary members of the House Crew and any necessary members of the Show Crew as determined by the Fox Theatre.
24. No work may take place on stage unless Stagehands are present.
25. Truck Loaders who are called to work the Show Call for a show that is not a Yellow Card Show and who are assigned to load a truck, van or other vehicle for an opening act and then to load out the show after the final performance shall be paid a (6) hour work call.
26. Broadcast Performance Rate: Any performance that is audio-taped, video-taped, broadcast, telecast, filmed, distributed over the Internet or any other electronic network, or mechanically reproduced in any manner for commercial purposes, will be charged at double the applicable performance rate for all members of the Show Crew. Any reproductions by the above means by news crews of commercial stations or for purposes of distributing content through digital or social media shall not be considered as being for "commercial purposes"; provided, however, that such reproductions by news crews or through digital or social media shall be limited to no more than five minutes of footage or content that is shown on the air or through digital or social media. Any reproductions by the above means for archival purposes shall also not be considered as being for "commercial purposes".
27. The Fox Theatre requires that Stagehands wear appropriate clothing. In the event that the show requires Stagehands to wear a suit, dress shirt, tie or other formal attire for a concert, commercial show or recital, the Stagehands shall be paid \$20.<sup>00</sup> for a laundering fee. Stagehands required to be dressed in a specific show costume shall be paid an additional \$25.<sup>00</sup> per performance.
28. In the event that sound is run through the center cluster of the auditorium and there are cues to handle the placement, coordination and service of sound instruments and/or equipment, an additional Stagehand will be called to handle such placement, coordination, and service of sound instruments and/or equipment.
29. In the event that a call requires 20 or more Stagehands (above the House Crew), there will be a "Non-Working" Steward assigned to the call. The Union Steward shall be paid a rate that is \$1.<sup>00</sup> per hour less than the House Crew rate.
30. All Stagehands, except for Truck Loaders, shall be required to report for work with the following tools safely secured in an appropriate holder on their person: hammer, screwdrivers (#1 Slotted, #2 Phillips), pliers, diagonal cutters, utility knife, 8-inch adjustable wrench, and work gloves.

**STAGEHAND GENERAL CONDITIONS (as of 10/2/19)**

31. The operation of the house systems and equipment shall require at least an equal number of local Stagehands to the number of road personnel.
32. The Fox Theatre may not replace stagehands in order to avoid the payment of higher rates.
33. Stage conditions that are altered during the Load-In of a show must be returned to their pre-Load-In condition during the Load-Out of the show.
34. There will be a one (1) hour "meal period", without pay, after a Stagehand has worked a minimum of three (3) continuous hours and a maximum of five (5) continuous hours; and between every three (3) and five (5) continuous hours thereafter. At no time will any meal period be more than one (1) hour during the same call.
35. Stagehands that are required to be present for a sound check or opening night rehearsal may be required to take their meal period after they have worked two (2) hours from their previous meal period.
36. If a Stagehand will not receive a one (1) hour meal period as described above, a one-half (½) hour "meal break" will be given, with pay, and an appropriate meal as determined by Fox Theatre management. Stagehands will remain on the clock and be given one-half (½) hour to eat. Best efforts need to be made to provide a hot meal and, when requested by a Stagehand in advance, a vegetarian meal. For purposes of this provision, deli tray sandwiches shall not be considered to be a "hot meal".
37. In the event that a one (1) hour meal period nor a 30-minute meal break can be provided as described above, a Stagehand will receive a "meal penalty" of double the prevailing hourly rate until either a one-hour meal period or a 30-minute meal break can be provided.
38. All Stagehands shall be guaranteed two hours of pay at the prevailing hourly rate upon return from a meal period.
39. There will be a fifteen (15) minute break approximately half way between each meal period or meal break, or, if no meal period or meal break is provided within a five (5) hour period, approximately every two to two and one-half hours. There will also be a fifteen (15) minute break for Stagehands who work the Show Call between the end of the Show Call for the last performance and the start of the Load-Out unless either a meal period or meal break is provided at such time.
40. If it is anticipated that the take-out of a show shall be completed in less than three hours, then no fifteen (15) minute break shall be provided during the take-out.
41. Subject to the requirements above, the Fox Theatre may schedule meal periods or meal breaks among stagehands at its discretion.

**STAGEHAND GENERAL CONDITIONS (as of 10/2/19)**

42. It will not be required to provide a meal period or meal break or pay the meal penalty until after a Stagehand has worked six (6) hours for a performance, including all time worked for both a Continuity Call and a Show Call.
43. In the event that a Stagehand is called to work both the last performance of a show and the load-out of the show, the hours worked for the performance, including all time worked for both a Continuity Call and a Show Call, shall not be counted in determining the obligation to provide a meal period or meal break or pay the meal penalty.
44. If the show provides a meal period or meal break for its employees after the last performance of a show, the Stagehands who work both the last performance of the show and the load-out of the show shall be provided with the same meal period or meal break as the show's employees.
45. If a Stagehand works more than five (5) continuous hours on more than one performance in a day, he/she shall receive a meal period, without pay, between the end of one performance and the beginning of the next performance. If such a meal period cannot be provided for the stagehand, a meal break will be provided. However, it will not be required to provide more than one meal period or meal break within any five (5) hour period.
46. All breaks for meals between the hours of 12:00 AM and 7:00 AM shall be scheduled to be 30-minute "meal breaks" with a meal provided.
47. Truck Loaders shall be considered to be Stagehands for all purposes under this agreement. Shows will staff at least four Stagehands to work as Truck Loaders on all trucks exceeding 25 feet in length; two Stagehands to work as Truck Loaders on all trucks that are 25 feet or less in length; and one Stagehand to work as a Truck Loader for any van, pick-up truck or automobile.
48. In all cases in which motors or points are hung, a minimum of two Stagehands will go up for the rigging and a minimum of one Stagehand will work on the floor as a "down" rigger.
49. In the event that a show or event requires that more than 6 motors be hung, the Stagehands who perform such work shall be guaranteed a minimum of a four-hour work call at the Rigging rate of pay. In the event that a show or event requires that 6 or fewer motors be hung, Stagehands performing such work will be paid the Rigging rate in one-half hour increments only for the time that they are actually engaged in such work.
50. On calls in which "riggers" are specifically called by department, riggers will be paid a minimum of a four-hour work call at the Rigging Rate of pay.

51. In the event that Stagehands are required to perform “high work”, defined as work 18 feet or more from the permanent stage floor to their feet without the benefit of genie-type lifts, focusing ladders, scaffolding or scenery designed to safely accommodate workers, such Stagehands shall be paid the Rigging rate in one-half hour increments only for the time that they are actually engaged in such work.
52. In the event that Bargaining Unit Employees are required to wear a rigging harness in connection with the activities of (1) stepping off of a ladder on the box boom positions; (2) going over the balcony rail; and (3) climbing the sound towers, stacks or arrays, the Employer agrees to pay such employees the Rigging rate in one-half hour increments only for the time that the Bargaining Unit Employees are actually engaged in such work.
53. For purposes of this agreement, there will be four wage scales:
  - A. Other Show Rate: Any show that is not a Yellow Card Show, or Commercial Show.
  - B. Yellow Card Show Rate: Any show that is a legitimate traveling attraction that carries an IATSE yellow card or that will carry an IATSE yellow card within three stops after leaving the Fox Theatre.
  - C. Commercial Show Rate: Any show where the actual show performance itself explicitly demonstrates, explains, or sells a product or service. The mere sponsorship of a show or presentation shall not constitute a Commercial Show.
  - D. Taping Rate: The rate paid to any Stagehand who is called to work on a call for which the sole purpose of the call is to audio-tape, video-tape, film or broadcast the event.

**WARDROBE GENERAL CONDITIONS (as of 3/15/19)**

In the following pages is outlined a summary of the Agreement between the Fox Theatre and the Wardrobe Union, IATSE Local #859. All pertinent General Conditions and Work Rules have been outlined herein, and it is the responsibility of every tenant of the Fox Theatre to review these rules and abide by them. For further clarification on any conditions, please speak to a member of the Production Management staff.

1. Show Rate Definitions:

- a. Other Show Rate – any show that is not a Commercial Show or the Taping Rate.
- b. Commercial Show Rate – any show where the actual show performance itself explicitly demonstrates, explains or sells a product or service. The mere sponsorship of a show or presentation shall not constitute a Commercial Show.
- c. Taping Rate – The rate paid to a Bargaining Unit Employee who is called to work on a call for which the sole purpose of the call is to audio-tape, video-tape, film or broadcast the event; provided, however, that this provision shall not apply to a performance which is covered by the Broadcast Performance.
- d. Broadcast Performance Rate - Any performance that is audio taped, videotaped, broadcast, telecast, filmed, distributed over the Internet or any other electronic network, or mechanically reproduced in any manner for commercial purposes, will be charged at double the applicable performance rate for all members of the show crew. Any reproductions by the above means by news crews of commercial stations shall not be considered as being for “commercial purposes”; provided, however, that such reproductions by news crews shall be limited to no more than five minutes of footage that is shown on the air. Any reproductions by the above means for archival purposes shall also not be considered as being for “commercial purposes.” The Employer and the Union shall inform the other immediately of any information indicating that any reproduction has been used for commercial purposes. In the event that it is determined that any reproduction has been used for commercial purposes without payment of the rates described above, and the Employer is able to collect its contractual fee for such commercial use, the Employer agrees to pay, retroactively, all members of the show crew an additional amount equal to the performance rate for the applicable show.

2. Straight Time:

**WARDROBE GENERAL CONDITIONS (as of 3/15/19)**

18. Bargaining Unit Employees who are called to work as a seamstress, stitcher, laundry worker or dedicated day worker (e.g., a day worker who does not double as a dresser) shall be paid a minimum 5hrs at the prevailing wage rates and shall not be paid for a Show Call even if their work takes place during the hours of a Show Call. 20. In the event, that a show has multiple-levels of dressing areas, dressers may only be assigned to one level and the stage level; provided, however, that, if there is an inadequate number of dressers to cover all of the levels of a show, costume changes shall only be performed on the stage level.

28. It is understood and agreed that the Employer has the discretion to cut Bargaining Unit Employees from any call (including Show Calls); provided, however, that there has been a sufficient reduction in work to permit such reduction as determined by the Employer. In all cases, the Employer agrees to first discuss the reason for the cut to the BA/ job Steward before the formal steps are taken to reduce the call. For IATSE "Yellow Card Shows," the minimum number of workers reflected on the Yellow Card must be maintained.

**WARDROBE GENERAL CONDITIONS (as of 3/15/19)**

29. The Employer may provide a Bargaining Unit Employee with a one-hour “meal period,” without pay, after the employee has worked a minimum of three continuous hours and a maximum of five continuous hours. A Bargaining Unit Employee may be entitled to additional one-hour meal periods, without pay, after the employee has worked a minimum of three continuous hours and a maximum of five continuous hours from the end of any previous meal period. At no time will any meal period be more than one hour during the same call.
30. In the event that the Employer determines that a Bargaining Unit Employee will not receive a meal period as described in Article X (A) above, the Employer may provide the employee with a 30 minute “meal break,” with pay, and an appropriate meal. The Employer will make its best effort to provide a hot meal and, for those Bargaining Unit Employees who provide prior notice of their request, a vegetarian meal.
31. In the event that the Employer determines that neither a one-hour meal period nor a 30-minute meal break shall be provided as described in Articles X (A) and (B), respectively, a Bargaining Unit Employee will receive a “meal penalty” of double the prevailing rate until either a one-hour meal period or 30-minute meal break can be provided.
32. There will be a 15-minute break approximately half way between each meal period or meal break, or if no meal period or meal break is provided within a five-hour period, approximately every two to two and one-half hours.
33. Subject to the requirements set forth in Articles X (A) and (B) above, the Employer may schedule meal periods or meal breaks among Bargaining Unit Employees at its discretion.
34. If a Bargaining Unit Employee works more than five continuous hours on more than one performance in a day, the employee shall receive a meal period, without pay, between the end of one performance and the beginning of the next performance. If such a meal period cannot be provided for the employee, the Employer shall provide a meal break; provided, however, that under the circumstances set forth in this Article X(F), the Employer shall not be required to provide more than one meal period or meal break within any five-hour period.

## SECURITY INFORMATION

**Security is our top priority here at The Fox Theater. We thoroughly stress the importance of keeping everyone on our property safe during both public and private events. The following security procedures will be introduced for performances effective immediately:**

- The security advance for shows will be done with the Fox Security Manager.
- The Fox Theatre does not permit firearms in the backstage area at any time, licensed or otherwise. Exceptions can be made for security or police officers only with advance notification and approval from the Fox Security Manager. Again, approval is at the complete discretion of Fox management upon prior notification.
- The Fox Theatre requires that all guests attending an event pass through metal detectors upon arrival. The main entrance to the building is through the arcade on Peachtree St. NE, although alternate entry stations may be set up on Ponce De Leon to alleviate the flow of guests into the lobby. All entry locations will require guests to pass through the metal detectors. The Stage door entrance, which is used for artist entrance and exit typically doesn't include metal detector unless pre-advanced with production.
- Security personnel administering the metal detectors will be an additional charge to the promoter.
- We request that all shows provide a list of names for backstage access. Additionally, all road crew or vendors should wear visible access laminates.
- For detailed information on any of the above security procedures, please contact the production department at 404-881-2033 or Andy Arnold.

## BACKSTAGE SECURITY STAFFING

During the course of residency at the Fox Theatre, a number of backstage doorman staff members are scheduled to assist with the run of the show.

<b>STAGE DOOR</b>	The stage door security staff member is responsible for monitoring and securing the entrance to the backstage area. This staff member is also responsible for answering phone calls at the stage door and assisting the promoter with guest lists and guest passes.
<b>ELEVATOR OPERATOR</b>	The elevator operator runs the backstage elevator (for dressing room access) during the performance to ensure the safety of the artists.
<b>PARKING PERMIT ATTENDANT</b>	The staff member in charge of parking permits is required by law to be on site when a parking permit is in effect for the street.

The Fox Theatre provides one (1) backstage doorman staff member (stage door) included in the price of the rental contract during the course of the first day of load-in, load-out and each performance only. Any multiple days of load-in, load-out, any early access calls prior to a performance, and any late departures from the theatre after a performance may be at an additional cost to the Promoter.

In addition, Fox Theatre Management reserves the right to schedule additional security staff members as it sees fit at the cost of the promoter.

The Fox Theatre requests that shows or companies provide their staff with backstage ID's / Passes to be worn at all times when entering the building through the backstage door. A list of names permitted backstage will also assist the door staff in identifying the proper staff allowed backstage. If a show does not carry their own passes, please contact the building's Production Manager Office for further assistance.

According to the City of Atlanta, a parking permit attendant must be in place when a parking permit is in effect. The attendant must be on the street from 7am until the end of the scheduled permit. If all vehicles are parked and nothing will be moved for the remainder of the day, the parking permit attendant *may* be released at the discretion of Fox Theatre Management. If runners, artists, or management require up-front parking near the stage door, the parking permit attendant is required to guarantee this parking.

For further explanation of backstage security costs, please do not hesitate to call Production.

## VIDEO MONITOR SYSTEM

A permanent In-House video monitoring system is available for use free of charge to the promoter.

**CAMERAS:** There are two (2) cameras hanging from the balcony rail position in the center of the house focused at the stage. Both cameras have wide-angle lenses to provide a maximum view of the stage.

- The first is a Panasonic AW-5E50F color camera PTZ
- The second is a Panasonic AW-HE40SK Infrared PTZ 5 port, black/white camera high speed smart switch.
- Both cameras provide enough height to view average show portal trims and a partial view of the orchestra pit.
- We have a Panasonic AW-RP50 camera controller to focus & zoom each camera.
- Both cameras provide a very clear image that works in all lighting environments and the infrared camera works very well in blackout situations.
- We are able to focus and zoom the color & infrared PTZ cameras on a show to show basis. However, there are two locations on the balcony rail to add up to, two (2) additional cameras that can be patched in the house system, if necessary.
- There is also a camera located in the orchestra pit wall that is available for your use to focus on the conductor's position.

## VIDEO MONITOR SYSTEM

**LOCATION OF 'BNC' TERMINATION POINTS:** Each of the locations listed below has two (2) 'BNC' termination points and can receive both the color and the black/white camera feeds. Those marked with a (\*) can receive the Pit Camera Conductor feed.

- Wardrobe Room
- Production Office #1
- Production Office #2
- Dressing Room #1
- Dressing Room #31
- Dressing Room #32
- Back of the House Mix Position
- Middle of House Tech Table Position (R&R Mix)
- \*Down Stage & \* Up Stage Left
- \*Down Stage & \* Up Stage Right
- Fly Rail – Mid Bridge - Down Stage
- Fly Rail – Mid Bridge - Up Stage

**VIDEO DISTRIBUTION:** The video distribution amplifiers are set-up so that each termination point throughout the theatre can be shut off individually. Each termination point can also be used as an input as well as an output. If a show chooses to use their own FOH video camera, our in-house lines can still be used and patched to all the locations in the theatre.

**IN HOUSE SYSTEM:** Sending video feeds to the dressing room televisions using the modulated signal will result in an audio delay.

**MONITORS:** There are eleven (11) large monitors in backstage areas that receive both the color and black/white feeds.

- One (1) is located near the Fly Rail downstage right and two (2) are located on the Fly Rail Mid-bridge
- One (1) is in the Wardrobe & Production Office 1 & 2 room on the basement level
- One (1) is in each of the Screening Room, Musicians Lounge, Green Room, and Dressing Rooms 31 & 32
