This special performance from Yo-Yo Ma pairs repertoire from the center of his musical firmament with reflections on how it has shaped his thinking about art, human nature, and our search for meaning.

"I believe that art, music, and the humanities help us fulfill unwritten contracts. They help us sympathize with the human condition and examine how we relate to one another. They help us receive the wisdom of the past, they help us understand today's problems, and they empower us to imagine a better world." - Yo-Yo Ma
